Book 8 - Women's Power

Review: A Voice for the Voiceless – A Powerful Poetry Collection on Suffering, Resistance, and Hope

The poetry collection of books 6 Left Unity and book 8 women's power by Farah Notash, is a profound and emotionally charged exploration of pain, hunger, ignorance, silence, solidarity, resistance, empathy, and transformation. It extends global experiences and universal struggles, yet consistently carries a clear and urgent message: to give voice to the forgotten, to echo the cries of the hungry, and to honor the silent suffering of the oppressed.

The collection stands firmly in the tradition of protest writing—resonating through times of darkness and pain. With unmasked and burning language, the poems strip away the mask of tyranny and greed worn by those in power. They cross borders, connect human hearts, and carry the cry of freedom to the ears of a world too often indifferent.

From the rough hands of workers to the tear-filled eyes of grieving mothers, every line reflects a shared human experience of suffering. The language is never passive or decorative; it strikes like a wave of anger and awareness, aimed directly at injustice. In these verses, plundered lands, burnt lives, and crushed hopes are given rich and melancholy form.

These writings reflect the blood and soil of real struggle. They expose deception, poverty, and the slow disintegration of humanity under the weight of wild capitalism. This is not a poetic exercise in wordplay—it is a battle fought in the field of thought, expressed

through a careful choice of words, a direct resistance to oppression and enforced silence.

With each line, the poems chop at the roots of lies and pull fragile sparks of truth from beneath layers of ash. And in the end, they plant a seed of hope deep within the earth—carrying the belief that, one day, that hope might grow into freedom.

Some of these works carry such raw emotional force that they brought tears to my eyes.

Throughout the book, the poet employs a social realist approach—grounded in real-world issues and the lived experiences of ordinary people. This is paired with skillful use of metaphor and figurative language, creating intense, unforgettable scenes. Each poem is sharply observed, revealing the poet's keen attention to detail, strong visual sense, and deep emotional engagement. The result is a journey that moves the reader: at times heartbreaking, at others filled with anger or frustration at a world that too often chooses to look away.

The collection offers a powerful look at power, oppression, and human suffering. It lays bare the brutal mechanics of corrupt systems and authoritarian leaders who, surrounded by flatterers, maintain control through exploitation. The poet portrays the cycle of tyranny—where one oppressor replaces another, repeating the same cruel injustices.

In contrast, the poems treat the innocent—children, workers, and civilians caught in the crossfire of war, poverty, and violence—with

tenderness and sorrow. The imagery is raw and unfiltered, revealing the devastating human cost behind political ambition and conflict. Moments of silence and darkness reflect helplessness and despair, while the recurring hope for peace and justice underscores the resilience of those who endure.

Together, these elements form a strong work of social criticism—condemning greed, corruption, and violence, while encouraging empathy for those left behind and awakening the spirit of struggle. The collection calls on readers to recognize patterns of oppression and the urgent need for change, while also honoring the dignity and humanity of those who continue to resist.

This message feels especially urgent today, as we witness ongoing suffering and violence in places like Gaza. The same indifference and silence that these poems criticize remain present, allowing injustice to go unchecked. By shedding light on these harsh realities, the collection challenges us not to look away—but to listen, to feel, and to act. It reminds us that behind every crisis are real people—lives, families, and hopes—that deserve attention, compassion, and justice.

Biography

It was the end of spring in Teheran when Farah Notash was born to a middle-class family of Azari origin.

After losing her mother at the age of 2 ½ years she was attracted to make objects from the soil of their little garden. Gradually she started to enjoy drawing and singing.

The waves of political storms embraced the life of the family. Prisoner anxieties and sorrow of the nearest relatives filled many years of her childhood. Later, the economical properties of her family were plundered and fined. From then on, she gained bitter experiences and the knowledge of certain facts which have remained to the present time in her life.

During elementary school and later in high school, her attraction towards poetry and art was outstanding and clearly distinguished. After completing high school in Teheran, she studied and experienced art in various European academies.

The use of different materials, experiencing varying styles and changing from one field of art to the other, occurs to her without hesitation. This happens due to the emotional, aesthetical need for the best choice to express the subject. She uses symbols, shades or fine lines, soft or hard motives, harmonizing or contrasting colours right through the social problems. Valuable to her are

clay, wood, bronze, chalk or stone in sculptures; oil, acrylic and water colours in painting; transparent or opaque colours or glossy ceramic objects, as well as mirrors or any other material to create her art pieces.

Her painting ranges from classic to modern, still life portraits to landscapes but always she stays a serious social realist. Studies of world mysticism throughout history, parallel to philosophical, social studies have influenced her life and art. She is very sensitive and aware of the movement and social problems in the world, showing no borders in her life or her art. Serenading poems in Persian, English and Azari languages and also singing them, comes as a true emotional choice of the language in her need to express herself.

She does not believe art as being an instrument but a path which opens windows to the hearts -

- a kind of living with growth in love. - a challenge of dynamic living or dying for love.

A word with readers

When do we begin a new path in our life, and when do we end? The answer is sometimes unknown, even for ourselves.

Although, nearly all of us go to school at a certain time of life, and it seems that we are one among many similar people, if we take a deeper look, each person's life is unique. And the specific experiences that each of us goes through, form very individual lives.

In Iran reading poetry has always been very popular, and many have a talent for poetry. Normally, writing poems, as well as poetic essays, starts at an early age. That was the same with me. But, after the end of high school, as I followed serious plans and then experienced many ups and downs, I turned away from poetry.

After many years came a time when I could not resist the shadow cast on my life by of a terrible sorrow. And crying could not calm me down. I was in a situation like I needed to put my head out of the window, and finish in a long cry.

In that stage, poems started breaking through. I just had to write them. They were the tears which were dropping on the sheets of paper, and the cries which were forming them. I was gradually feeling a ray of light in the darkness, which could help me to find myself in the mirror.

Sometimes the poems would wake me up in the middle of the

night, and I had to write them. It was not me who was deciding what to write and when to write. They were coming, and I had to write them, like a spontaneous reaction to an unexpected strike. And when they were written, it was as if a heavy weight was removed from my chest, and I could breathe more easily.

The poems were true immediate cries, which were percolating from heart to pen, and a true mirror of my emotions which were circulating in my blood.

This was a new way of expression, without my conscious decision.

When I started to read my poems to others, their tears showed me how the fever which was making me so restless, now was known to them. And that I had a new lever of communicating with others.

That was a ray of sunshine, which was gradually erasing the darkness that had covered my life for 3 years following the death of my dear sister. She was a teacher, arrested as a leftist. The Mullahs destroyed the life of every member of her family.

My work as an artist of Visual arts, painter, sculptor, is fascinating and fulfilling. But poetry is a direct heart-to-heart means of communication.

Altogether, poetry and literature have the true pervading capacity of direct communication and of conveying the secrets of existence. They have the power to truly reflect the inside.

Arbeitslos

Clamour...was hidden
I heard…someone calling my name
opened I the window
my hand…
sank into the blackness

thunder like sharp pain
ran through my veins
and gripped my heart
I withdrew fast
but I had no hand anymore

clamour…was hidden
my handless wrist was shivering with pain
but…not bleeding
precisely no blood

my cry suppressed in blackness
I could only point
kneeling down

to the ruins of life time struggle

all mouths wide open
breath in …with no return
but no one even… whispered a word

clamour was hidden
not to the far
nor to the near
disgusted look of mine… was pinned to the blackness

planned fast cut
captured my mind
I was surrounded by blackness

clamour…was hidden
no one was calling me
everything was finished for me
nothing remained anymore
except…wonder

and fear for tomorrow

clamour…was hidden
crumbled human wishes of mine
running out of sight
blackness has swallowed my hand

rose off a long silent cry
without any shadow
I am being sucked in to depth of the earth

clamour…is hidden
no one will call me again
wind is howling from blackness side
and…
is sweeping hopes and future away
now…
I am abietols…

One-way street

How many beggars …can there be

in one street?
there is only one street
and that is…one-way street
and all the beggars…

are begging… in that street

young beggars
old beggars
soaked in rain beggars
sad beggars
sick beggars
and insane beggars

they are dragging and cracking
melting and sinking to the earth
in that street
windows opening…

to the skin over bones…street
explosion of honour… and pride
in that street

begging under no number or zones
candle of hopes dying…

in all scopes
in that…one-way street

oh dear o dear …
what is going on… in that street?

it was… just yesterday
newly sacked man… choked
when vomiting… his heart out…

in that street
I don't want to beg …in this street

I want to work

he hardly whispered
before passing out… in that street

when gradually automation take over

and humans …lose their Jobs

will we all… be beggars in that street?

is there only one way …
in that one-way street?

beg or die in that street?

in green meadows

and blows curtains

on open windows

I cry but why

Hiroshima…

on the 6th August

when the sun rises
atomic mushroom
keep growing sizes
I cry … but why…
Hiroshima…

US war machine
nonstop as seen
horror planter
on the earth so keen
I cry and cry…
Hiroshima…
we must write on ice
their name for a price
devil oil hunters
are the same…
ugly old planters

I cry and cry…
deep from the heart
oh …my oh my
Hiroshima…

Love is flaming

In glory of spring
all being eyes
with sound of melody
poetic words…
blossom and rise

sent of orangery
sunrise …
and… dreamy blue sky
breeze spreads perfume
which gives man…
feeling of… fine silky fly

glittering moments
find no way to run
twisty branches…
urge … reaching the sun

whispers caressing
as breeze on the grass
sweet words shining …
as rain drops on glass

glittering stars…sliding
from young fresh leaves
dropping one by one
on… wooden window…
and old little keys

freely flying…
pigeons … in the air
Precious moments…
blossoms of love… we share

love is flaming…
in a borderless range
love is so strong…
quivers …
and started to change

Erster Mai

Jetzt kommt der Erste Mai
weltweit der Tag der ArbeiterInnen

steht auf, Arbeitslose, schreit auf
tatsachen, die niemand verleugnen kann

Krieg … Attacken, Besatzung
mehr als verdoppelte Ausbeutung
voll geplante Automatisierung
Verschärfungen ohne Halt

unterstützt die Rechte der Arbeitenden
das Leben wird schwerer
unterstützt die Rechte der Arbeitenden
sonst schwindet die Zukunft aus dem Blick

mit dem Jahr 2000
Kriegsflüchtlinge ohne Ende
ein neues Weltraumzeitalter begann
und ungebrochen ist die Wut

im Jahr 2001

der geplante Fall der Türme
Afghanistan wird versklavt

unterstützt die Rechte der Arbeitenden
das Leben wird schwerer
unterstützt die Rechte der Arbeitenden
sonst schwindet die Zukunft aus dem Blick

im Jahr 2002
laufen US-Kriegsschiffe in voller Bewaffnung aus

das Jahr 2003
ha ha … der Irak wurde befreit

unterstützt die Rechte der Arbeitenden
das Leben wird schwerer
unterstützt die Rechte der Arbeitenden
sonst schwindet die Zukunft aus dem Blick

im Jahr 2004
armut und Verbrechen werden mehr und mehr

es kommt 2005
die wirklichen Kämpfe beginnen härter zu werden

Krieg … Attacken, Besatzung

mehr als verdoppelte Ausbeutung
voll geplante Automatisierung
Verschärfungen ohne Halt

jetzt erstrahlt der Monat Mai
wir stehen ein für unser Wort

unterstützt die Rechte der Arbeitenden
das Leben wird schwerer
unterstützt die Rechte der Arbeitenden
sonst schwindet die Zukunft aus dem Blick

wir sind keine Nummern, Menschen sind wir
und wollen daher alle leben

Und wenn Fabriken von Land zu Land verlegt werden
stehen wir Hand in Hand für unsere Rechte ein

und weltweit in großem Ernst
stehen die ArbeiterInnen in linker Einheit zusammen

unterstützt die Rechte der Arbeitenden
das Leben wird schwerer
unterstützt die Rechte der Arbeitenden
sonst schwindet die Zukunft aus dem Blick

We are drowning

While attending
International Austro-Marxismus
Conference

Wake up...
we are drowning
breathing storm
showing his white teeth up
rush of …all these fatal strokes
and weakened trunk…of our boat

come on … come on
pull the red flag up
no sword like … splitting words
block all the cracks
and regional divisions… at once

let us sing left unity
and raw harmonic
to its rhythm
before we are drowned

constant horrible echo … of globalization
elevated borders

for Globalists…
to level of zero
easy displacement
produced separate pieces
in cheap running global factories
stamped …made in no where

to overcome…all the strikes!

intensive exploitation
of children ... men and women…

in south

marrying robots
glossy metal objects
funny plastic bits
hardware… parts of pistols…guns… rockets
and umbrellas… umbrellas… umbrellas
speedy automatic deliverance
to chained global stores
and nonstop bombardment
of adverts…with the latest tricks
women misused …as cheap means of ads
pushed …to anxious

newly sacked men's eyes and ears
in north

every minute
day and night…in and out

united capitalists…World Bank
so busy… giving out policies…
when it should rain
and who should take an umbrella

consecutive high shot of sex
from all global media
to hide all the given pains

behind it

you make me laugh
being proud of wall's height
around your little yard

let us sing left unity
and think of…

the chaotic disastrous… global life
this Sodom and Gomorrah

inflaming with globalization
when standing in our little yard

spinning in neo circles
neo Colonialism
neo Liberalism
neo Nazism
watch it!

red and white ... gives out pink
loss of red ... let's you sink
revision is just an illusion
we need red… but no dilution

be brave…

criticize … the looking man in mirror
stand up
take your comrade's hand
and do something
before neo chimneys… fume
with man's flesh and bones
before… World Bank's neo-slavery

numbered masses
highly crashed in remote zones

when there is no creation
the future is searched in the past
in the age of gigahertz
stepping back a century
to copy an old prescription
for curing… present deterioration!

but we need
new analytic… full diagnostic originals
and copy has no value
copy is no creation

let us all sing left unity
search for values…and creation

making divisions
using terms used … by well-known traitors
unaware
acting as conspirator
focusing on sick yellow leaves

not seeing any hands
shading poisons …under new running roots

point your hatred towards
destructive conditions
and change them

let us all sing… left unity
and overcome divisions

flow with love
deep and sincere
see blossoms of creation
flow in roots
find a glowing path
towards the rise of tomorrow

let us all sing left unity
and show vitality
let us stand determined
to overcome divisions
and lost …in nowhere

Vienna… December 2006

Wir ertrinken

Während der Teilnahme an der Internationalen

Austro-Marxismus Konferenz

Wach auf
Wir ertrinken
Der anschwellende Sturm,
zeigt seine blitzenden Zähne.
Der Ansturm all dieser Schicksalsschläge
und…der geschwächte Rumpf unseres Bootes

Herbei – herbei
zieht die rote Fahne auf
keine messerscharf schneidenden Worte mehr
Stopft alle Risse
und überwindet alle Spaltungen.

Lasst uns von der Einheit der Linken singen
Und eine einfache Harmonie
zu ihrem Rhythmus finden
bevor wir untergehen

Das dauernde Echo „Globalisierung“
die Grenzen reduziert
gegen Null.
Einfach geschieht die Auslagerung,
die verschiedene Teile produziert
In billig laufenden Fabriken auf der ganzen Welt
Abgestempelt…intensive Ausbeutung
von Kindern…Männern und Frauen
im Süden

Mit Maschinen liiert
Glänzende metallene Objekte
Lustige Plastikteile
Metallwaren, Teile von Pistolen, Gewehren, Raketen.
Und all die Schirme, die Schirme, die Schirme
eine schnelle automatisierte Auslieferung
zu den weltweiten Geschäftstellen
Und das
non-stop Bombardement
durch die Werbung
mit den neuesten Tricks
Werden Frauen als die billigsten Mittel der Werbung missbraucht
Ausgestellt
vor angstvolle, joblose Augen und Ohren
im Norden

Jede Minute
Tag und Nacht
Rein und raus

Das vereinigte Kapital
Die Weltbank
Immer geschäftig

Politik zu machen
und damit, wann es regnen sollte
Und wer dann einen Regenschirm nehmen darf
Ununterbrochen aufeinander folgende Bilder von Sex
Über alle Weltmedien
Um von dem verursachten Elend abzulenken

Ihr bringt mich zum Lachen,
Die ihr stolz auf den hohen Zaun seid
Der euren kleinen Garten umgibt.

Lasst uns von der Einheit der Linken singen
Und bedenken wir dieses chaotische, desaströse
globalisierte Leben,
dieses Sodom und Gomorrah
in der alles aufzehrenden Globalisierung
während wir in unserem kleinen Garten stehen

Alles läuft in Neo-Kreisen

Neo-Kolonialismus

Neo-Liberalismus

Neo-Nazismus

Gib acht!

Rot und Weiss…zusammen geben sie rosa

Verlierst du das Rot…verlierst du den Boden

Die Revidierung ist nur eine Illusion

Wir brauchen das Rot, ohne Verdünnung

Sei stark

Kritisiere

Schau dich in den Spiegel

Steh auf

Nimm deines Genossen Hand

und unternimm etwas

Bevor die Neo-Schornsteine angeheizt werden

Mit dem Fleisch und den Knochen von Menschen

Bevor die Neo-Sklaverei der Weltbank

Noch mehr unterdrückte Massen schafft

In völlig zerstörten Regionen

Wenn es keine neuen Ideen gibt,

dann wird die Zukunft in der Vergangenheit gesucht.

Das hieße im Zeitalter des Gigahertz
Ein Jahrhundert zurück zu gehen
um ein altes Rezept zu kopieren
und damit die heutigen Verstörungen zu heilen versuchen

Was wir brauchen
sind neue Analysen…neue Diagnosen auf Basis der Originale
Denn Kopien haben keinen Wert
Kopien sind keine Neuschöpfungen.

Lasst uns die Einheit der Linken besingen
Und suchen wir nach den Werten
Und den Neuschöpfungen

Die Spaltung zu betreiben
Begriffe von wohl bekannten Verrätern verwenden
Das nicht zu bemerken
Als Verschwörer zu agieren
Sich nur auf die kränklichen, gelben Blätter zu konzentrieren
Und nicht die Hand,
die das Gift zu den frischen Wurzeln streut, zu bemerken

Lenke deinen Hass auf

die zerstörerischen Bedingungen
und verändere sie

Lasst uns alle …die Einheit der Linken besingen
und überwinden wir die Spaltung

Ergib dich der Liebe
Die tief und ernst ist
Sieh die Sprossen der neuen Ideen
Die aus den Wurzeln hervor brechen
und das Morgen ankündigen

Lasst uns alle die Einheit der Linken besingen.
und unsere Lebenskraft bezeugen.
Lasst uns entschlossen stehen
und die Teilung überwinden
die ins Nirgendwo führen

American Agents

When a dog… barks at night

and a funny shadow…crosses

the shallow light

look for an American agent

when even…it does not rain

you find a strange man…

fastening on wheels… a safety chain

look for an American agent

when a man sells his conscience…

human's right and his heart beats

in his wallet tight

look for an American agent

when billions of Euros disappear…

from a workers' bank

and in a huge circle of disaster…

nearly no one is frank

look for American agents

when the small thieves are prosecuted and arrested

but big thieves… in five-star hotels

and private hospitals

are spoiled and freely rested

look for American agents

when nearly all media keep quiet

give hardly any facts and

fill their schedules with sex and silly acts

look for American agents

when a Communist leader

signals left and…turns to the right

ruins and splits party

using all his might

look for an American agent

when a brother party receives news

lazily ignores… and not sensitive

yawns and finally snores

Don't yawn…

look for American agent

when in a social movement

someone is always a brake

with many tricks… lets no one

progressive steps to take

look for an American agent

when your lover manipulates you…

and ties you hard…to a daily common life

prohibits you taking social steps

by showing teeth and knife …

look for an American agent

When you are desperate…

to find a place for an urgent piss…

and you would rather

undertake an obligated action…

to be this …waste no time …

look for the head of nearest American agent

Vienna March 2007

US-amerikanische Agenten

Wenn ein Hund… in der Nacht anschlägt und ein merkwürdiger Schatten…im fahlen Licht erscheint - sei auf der Hut vor einem amerikanischen Agenten.

Auch wenn…es überhaupt nicht regnet, und du siehst einen fremden Mann…der Ketten an die Räder legt - sei auf der Hut vor einem amerikanischen Agenten.

Wenn ein Mann sein Bewusstsein verkauft… eines Menschen Recht und sein Herz schlägt fest in seiner Brieftasche - sei auf der Hut vor einem amerikanischen Agenten.

Wenn Millionen von Euros…aus einer Gewerkschaftsbank verschwinden und in diesem Strudel des Verbrechens…nahezu niemand mehr aufrichtig ist, dann sei auf der Hut vor amerikanischen Agenten.

Wenn kleine Diebe verurteilt und eingesperrt werden aber…die

großen Verbrecher, in ihren Fünf-Stern-Hotels und Privatkliniken, verschont werden und sich in Freiheit bewegen - dann sei auf der Hut vor amerikanischen Agenten.

Wenn beinahe alle Medien ruhig halten… und keine Fakten mehr bringen und ihre Seiten mit Sex und nichtssagenden Berichten füllen - dann sei auf der Hut vor amerikanischen Agenten.

Wenn ein kommunistischer Parteiführer sich links gibt und…sich nach rechts wendet, die Partei zerstört und spaltet…indem er seine Macht gebraucht - dann halte Ausschau nach einem amerikanischen Agenten.

Wenn eine Schwesterpartei die Neuigkeiten erfährt…und sie aus Unachtsamkeit ignoriert, nicht aufmerksam ist…gähnt und schließlich schnarcht gähnt nicht - seid auf der Hut vor einem amerikanischen Agenten.

Wenn in sozialen Bewegungen…einer immer nur bremst mit allen möglichen Tricks niemanden…einen fortschrittlichen Weg gehen lässt dann halte Ausschau nach einem amerikanischen Agenten.

Wenn dein Liebster dich manipuliert…und dich festbindet…an ein gewöhnliches Durchschnittsleben, und er verbietet dir auch mit Gewalt dich sozial weiter zu entwickeln - dann halte Ausschau nach einem amerikanischen Agenten.

Wenn du gerade verzweifelst…weil du ganz dringend einen Ort brauchst, um zu pinkeln, und du würdest lieber…eine verpflichtende Unternehmung…eine Aktion sollte dies sein - verliere keine Zeit - halt Ausschau nach dem Kopf des nächsten…amerikanischen Agenten.

Aspang Bahnhof

In commemoration of 10,000 Jews
taken from Aspang railway station
in Vienna…1939-1942…
they never came back

The past has never gone
the wounds have never healed
I stay standing
with all my historical stabs
bleeding as fresh as…days of the events

my memories are me
and I am nothing but…
strong links… in between
yesterday…today and tomorrow

when the fires… of yesterday
spread their flames in me… today
the repetitions… of explosions…go on and on
and the agonies…are never drowned in silence
I hear the trains… whistling in Aspang
and I see the trains
with a chest full of steam… opening
big white umbrellas
over the enormous heavy sighs
the platforms…palpitating
with sorrow…separation … sorrow …anxiety

heavy sounds of… black boots heals
harsh… aggressive… dominant voices
racist supporters of capitals
savage… brutal…urge divisions
the loving lines are cut

mothers are taken
fathers are taken
there she is
there she is
Jacob's mother…he is only one month old
where is he?
They took him away… from my arms
now the five little kids…are alone… at the house

children… are separated…
to be the witnesses
of smoking chimneys
with them…who are… just the numbers

this horror…this brutality
this harsh noble race criminality
in hidden darks…and shameless bights
dragging and dragging… till to day
searching new ways …
for sitting again… on the wings of tomorrows

where are they taking you
my gipsy friends

you always… loved our music

listen to the latest one…

trains…

trains of sorrows

trains of sighs

trains of miseries…agonies

trains of…weeping eyes

trains of …anxieties

trains of… bleeding hearts

trains of…losing… connections…eternal separations

trains of ... cutting… ties

Mauthausen …the place of execution

becomes a red star…

as moving train

Vienna Nov 2008

Red ... but pure

Now… is the time
when … the usage

of a single word

becomes … identifying element

for recognition … of true character

of a person …party

or a puppet… ruling state

the "WAR! "

when a valley full of blood… is ignored

not in the years gone

in our vision now…
the massacre … documented

with films and photos

is not obviously a WAR!

but a massacre …

innocent armless people's massacre

those… who pretend to be leftists

and hiding their two faces

behind a red flag

by saying and writing …

Gaza-Israeli …WAR

they are supporters of

US-Israeli colonial aggression

occupation and massacre

to draw a heart
colour it in pink
is a lying syndrome
and humanity's sink

hiding their faces
with mask or a shield
right to left parties … organizations
even communists…
with loyalty licking the shows of

the imperialists

supporting Gaza
not for…fooling the masses
or…win elections

for defence… of true humanity

for supporting the… true civilization

under red flags
many whites today
true servants of… colonialists

harmonious pinks
having hidden links

with imperialists

you shouldn't carry
or even drag
on your pink shoulders
red…workers flag

true medicine…for deep wounds cure

is… definitely

red but pure

Vienna Feb 2009

Zionist accusation

Dedicated to all the workers of the world
Goyim and non-Goyim!

You don't have to be a Jew…to be a Zionist
anywhere in the earth
a monopolist…brutal capitalist
can get consent
as a Zionist

nationality and religion
are not essential factors
if you are …
a true supporter of the imperialists

we all saw…Hosni Mubarak opening the gates…
a true allied...
also… is considered…as a Zionist

don't be surprised when I say
Pinochet was a Zionist!
he was trained in the dictators' academy
of the US Zionist
and he was… in full service of the US imperialists

a mass murderer…a brutal capitalist
what else… could he be then …but a Zionist?

all the past and present… Arab leaders
are allies and servers… of the imperialists
and so far… not so active
against the cruelty of the Zionists

Jews were the first victims…
by the Zionists
with the goal of…
occupying Palestine… as a colony
Zionists …cheated Jews
and tied…their free working hands
to a big lie
to move them to Palestine
enslave them…make them killers
and made them to occupy Palestine
for them

the question was…
where?
rose a deep…dominant rough voice
of a Zionist
Palestine…near black gold mines
is our golden choice

Zionists needed masses
to occupy the land
began propaganda
free land…for free man
under the excuse of…

making a state for Jews
the mischievous …was clear…
only for few
but was the Palestine
a free land?!

a unique trap…
establishment of new colonies
cheating people…telling them lies
as… "God has given them the land"
ha ha…
hoping…the truth
will never reach a hand
God…
has giving them…the land!
they think the people …are as fool as themselves

as the well-off Jaws… could getaway to the US
the working-class Jews
were cheated …to marrow of their bones
they were pushed to leave their lands…
to Palestine…
the ones who refused…
by the SS Police of Hitler
Zionists' proxy
were taken to the concentration camps
numbered …
and after hard work… without payments
when they were… skin on bone

were taken
to the Gas rooms

the one who went to Palestine
had to give their children
as cheap free soldiers
trained as murderers
to give their lives…as new slaves
for greed of Zionists
sly colonialists

health young brave… Jew farmer's son
from where …he planted golden wheats
was deceived and moved…
to be… a killer…brutal bulldozer driver
dishonored harsh maniac
brain washed …transformed to robot
for greed of …the Zionist colonialists

the illness
destruction… injured deep inside them
being misused as puppet
with the most awful crime of all
fooling men…misusing men
bringing up…a nation
acquainted…with blood
under domination of dreadful Zionists

latest evidence…

number of votes for killers
in Israeli recent election
after the last massacre of… 2008

just look at the decline
and the true masses corruption
and think…
how deep…man can sink
brains totally washed out…
by the Nazi Zionists
sly minded… colonialist imperialists

the young Jew worker's mother
witnessing changes…and the awful deformation
drowned in deep blues
nothing as such…dreaming land
living there is…real fish bone
stuck in throat…choking her

many worker Jews
in that trap…bitterly lived in regret
being cheated
late…knowing facts

no money…
no chance… for getting out of this
deceitful land
the ha-ha land… the Israel !!
no any chance…for prosecution…

condemning the Zionists

for lying … the dishonest displacing them

for being misused

for… wasting their lives

……blocked roads of returning home

….. blowing wind…

……brings all their sorrows

……enormous sighs…. with regrets

……throughout… each winter

……the sadness… of eternal leave

……bitter… remorseful…rueful

……drowning …in drops of death

……with two eyes…

……behind their heads

……looking at far

……dreams of home… looking at home

……but no legs…

……for returning home

……deceived and fooled

……enslaved

……were brought in strangers' land

……to kill men… with their hand

……bread… soaked in blood for good

……to live as murderer...for good

……to end in stranger's land

……buried… in strangers' soil

aaaaaahhhhhh….

…….the Jewish laborer enslaved cheated son

…….lost hope …lost home…lost love

……..in full aggression

……..in strokes of hatred

……..against him…

……raised from the hearts in the world

…….for killing people …in their home…in their land

…….no honor… no hope…. no respect

believing… lies!

of… God given them land!

being slave…being part of machine of aggression

with guns…as parts of hands

to expand…with grief

the ha-ha land… Israel!!

by constant killing people

to save patrons…breaking children's skull

raping… Arab females

before their last look at life

disgusting killing games… with men

to… rescue their lives

making men…drink their own urine

repulsive humiliating men

in last minutes of life

then a bullet… finish their lives

not letting them go

looking for them… everywhere

killing them and killing them so

in this dreadful… going on show

registered history
maniacs…sick murderers
brought up…
by greedy Zionists imperialists

here by
I … Farah Notash
cry in loudest voice… for justice
in front of… the World's Justice Court
for prosecution and closing up
this corrupted sick …
murderers' school of the Zionists
this horror network of imperialists

not only for killing and torturing
the most exploited…
oppressed nation of history
the Palestinians…in the recent century
with the only fault
of living… in their own homes
but also…for deceiving…displacing
all Jews…
from their homelands
enslaving… Jew working-class children
and deforming them
from humans …to monsters
to maniacs… to hatful killer robots

I am dead sure…
they suffered…in their bodies as cage
when …they relive in their minds
the pictures of last minutes of lives
finished…in their hands

the victims' last looks …in their eyes
their cry…for letting them go
the redness and warmness of their blood
on their killing hands
which will never leave… their inside
never gives them peace

they were dragged in the alleys of life
with dreadful sickness
those slaved…poor…lonely maniacs
never dared…looking at mirror
so lonely…in their illusions and horrors
suffered with pain…of what they had to do
and what … they had done
I am sure…

Just think of their inside
to be killers …in such a long period…
a mixed nation!
with no history…
except resent all killings!

their passport is stamped
with the Zionists logo!
…anywhere in world
an Israeli …is recognized as killer
an awful maniac…who looks for agitation… and blood

for a single crime
in every land
punishment considered
but…for the endless crimes and killings
in Palestine
none!
free killing…is command of monster… Zionist rulers
and this world
so far …and far
from a human world
when silent…and lets growth of oppression

none stop ethnic cleansing
time to time… massacres
in their land…in their homes
then…
name this irrigated bloody land
a holy land!

quakes and shakes earth
with this enormous…ocean -like
Zionist Israeli crimes

in the underground prisons
endless executions…
breath-taking in numbers
dreadful torturing
with the latest torturing inventions
which …to be sold to other lands
for breaking the resistance of masses
against puppets of imperialists

in the occupied Palestine
normal living people
stolen in day-light…from the streets…
imprisoned…tortured…and then killed
their only fault…is living
in their home and their land
the Palestine

blockades…
running for years and years
no light…no purified water…
no…no…no nothing what so ever
is the earth's largest…bleeding prison
with the longest…
and highest wall… of ever
with some holes…called check points
going to work… and to school…
through …check points' guns

being indifferent…and neutral…

and letting all this injustice
happen on earth…can't be right

what is needed…
eruption of… united red volcanoes
flowing in …countless streams
to give an end… to Nazi Zionists bullings in this world
and end… the existence
of the antihuman… monster imperialists
on earth

living still…and gazing…
passive… and paralyzed
what are we then?
human beings?
looking and not saying
stop…
so cautious …to raise a hand
who are we then?
let's change
this flimsy…false living
we are responsible…
for all killings as well
by being indifferent…silent…neutral
against misery maker Zionists for oil
hiding behind word…
anti -Semitists
and Holocaust

besides…Zionists are not Semites
white skinned…European races
anti-working class
anti-Arab… and all other races
and real anti-Semites!

the ugliest female in history…on earth
mask less…female Zionist
Golda Meir…the Israeli Prime minister 1969
announced it loud
kill them all
Arabs are worse than animals!
though…
killing animals…is also deemed a crime!

when the imperialist Churchill
pointed raising a state
will take some generations
he gave the hint …
give them breaks
in between…massacre
slowly!

if Theodor Herzl… could see
the hateful…disgraced state
he founded…
a nation… long term …
in blood sinking

also trained a murderer nation
in 1896…would had burned
his new Zionist thesis
and would asked all Jews
to leave at once… Palestine
and forget…
all… Zionists say

Judaism is a religion
Marx: Religion is opium of the masses
Time… we stood against all the lashes

Vienna 10th March 2009

In Hebrew the non-Jewish people,
in a humiliating way are called Goyim.

ANKLAGE GEGEN DEN ZIONISMUS

Den Arbeiterinnen der Welt gewidmet!
Goyim und Nicht-Goyim!

Du musst nicht jüdisch sein …um Zionist zu sein
überall auf der Welt
kann ein Monopolist… jeder brutal Kapitalist
auch als ein Zionist angesehen werden

Nationalität und Religion
sind keine Bedingungen
solange du ein…aufrichtiger Unterstützer
der Imperialisten bist

Wir alle sahen … wie Hosni Mubarak die Tore weit öffnete
ein wahrer Verbündeter
auch er kann als Zionist gesehen werden
und sei nicht überrascht, wenn ich behaupte
Pinochet war ein Zionist
er wurde auf Akademien für Diktatoren der US Zionisten ausgebildet
im Dienste des US Imperialisten
ein Massenmörder…ein brutaler Kapitalist
was könnte er sonst sein…als ein Zionist?

All die vergangenen und gegenwärtigen arabischen Führer
die Verbündeten und Diener der Imperialisten

alle können … als Zionisten bezeichnet werden

Juden wurden von den Zionisten in die Irre geführt
mit dem Versprechen … besetztes Land zu besitzen
nahmen sie ihre Arbeitskraft in Besitz und banden sie an sich
und sei erschufen Träume von Ruhm und Ehre
um sie zu täuschen
um sie zu entwurzeln und zu versklaven

Die Frage war
wohin?
Palästina … oder Argentinien?
nein, nein … nicht Argentinien
ertönte eine tiefe, beherrschende Stimme
Palästina
nahe dem schwarzen Gold Minen
ist die goldene Wahl

Es brauchte viele
um das Land zu erobern ... und zu bevölkern
die Propaganda setzte ein
„ein Land ohne Volk für ein Volk ohne Land“
und ein Vorwand … der Staat für die Juden
und ganz schnell wurde klar … nur für die wenigen

und war Palästina
ein Land ohne Volk!?

Eine einmalige Verführung

in der langen menschlichen Geschichte
zu eine neue Kolonisierung
der Täuschungen von Menschen
so als … gäbe Gott ihnen … das Land
oft gebrauchte Lügen … aus längst vergangenen Zeiten
wer kann ihn finden … den Gott!
Der ihnen … das Land gab!

… Ah
ihr einfachen jüdischen Arbeiter
wurdet betrogen
verließt eure Häuser … verließt eure Länder
sie gaben ihre Kinder
um Soldaten zu werden … billig und willig
Gefühl und Denken ausgeschalten, zu Mördern ausgebildet
geben sie ihr Leben … als neue Sklaven
für die niemals versiegenden Wünsche der Zionisten
die wahren und durchtriebenen Köpfe des Kolonialisten
Der Sohn jüdischer Bauern
gesund …mutig und mit reinem Gewissen
woher kam er
goldenes Korn … in die reiche, reine Erde
er wurde getäuscht und dazu gebracht …
herzlos zu sein…. brutal...Bulldozerfahrer…ein Killer
unmenschlich, gefühlloser Besessener
verändert … in ein Monster
Horror…Massenmörder
für die Bedürfnisse der… US Kolonialisten

die Spinnennetze des weltweiten Imperialisten

Das ist der Unterschied
eine Krankheit
hat sie getäuscht, hat ihr Denken verstört
hat sie reduziert … auf Killermaschinen
kein Friede … kein Bewusstsein…kein Leben…keine Liebe
keine Wahl ... außer die Deformationen zu akzeptieren
die Zerstörung ging geradewegs durch sie hindurch
sie wurden wie Marionetten benutzt … wie Spielzeug zum Aufziehen
eines der furchtbarsten Verbrechen
Menschen zu betrügen … sie zu verwenden
eine Nation aufzubauen
die sich an Blut gewöhnt hat
die den Mördern applaudiert
die die Mörder akzeptiert.
…ein Beweis …
die Zahl der Stimmen für die Killer
bei den … letzten Wahlen
sieh dir den Niedergang an
und das Ausmaß der Massen Korruption
... denk dran
wie tief kann der Mensch sinken
Gehirnwäsche … durch die Nazi-Zionisten
die listigen Köpfe des kolonialistischen Imperialisten

Die Mutter des jüdischen jungen Sklavenarbeiters
muss die Veränderungen mit ansehen … die grässlichsten Deformationen
ertrinkend … in absoluter Traurigkeit

nichts ist so wie es ist … erträumtes Land
das Ha-Ha-Land…Israel
dort zu leben … wurden sie wie Gräten
die in ihren Hälsen stecken blieben … würgend

Viele Juden, Arbeiter
gefangen ... leben verbittert
in Hass ... sich an Taten festhaltend
für den Anschein von Fakten
kein Geld um weg zu gehen
keine Chance um aufzubrechen … aus dem betrogenen Land
Ha-Ha-Land
keine Chance die Zionisten … für die betrügerische Umsiedlung
anzuklagen, zu verurteilen
dafür, missbraucht worden zu sein
dafür… dass ihre Leben zerstört … vergeudet wurden

die Wege nach Hause, sie sind verstellt
und der Wind…er bringt die Sorgen
unüberhörbare Seufzer des Bedauerns
jeden Winter
diese Zeit des ewigen Verlassens
Gewissensbisse … Bitterkeit … untergehend auf dem Weg
des Todes … zwischen den Schneetropfen
blicke … hinter ihren Köpfen
weit geöffnet
in die Ferne schauend
Träume von Heimat … Vorstellungen von Heimat
aber keine Beine … um nach Hause zurückzukehren

getäuscht und betrogen…und abhängig gemacht
in ein fremdes Land gebracht
um Menschen für nichts zu töten … mit eigner Hand
Brot in Blut getaucht ... für das Gute
als Mörder zu leben ... müssen sie
immer tollere Lügen erfinden
das Ha-Ha-Land…Israel
im fremden Land zu sterben
begraben … in fremder Erde

…Ah
betrogener Sohn des Arbeitssklaven
die Hoffnung verloren … die Heimat verloren … die Liebe verloren
mit geballter Wut
getrieben vom Hass
der aus den Herzen erwächst … in die Welt
Menschen zu töten ... in ihren Häusern ... auf ihrem Land
keine Ehre, kein Respekt

Der Glaube an eine Lüge!
Gott gab Ihnen…das Land?
zu Sklaven geworden … ein Teil der Aggressionsmaschinerie geworden
mit dem Gewehr … in der Hand
zu verbreiten … aus zu streuen … über ein Jahrhundert lang
Israel… Ha-Ha-Land!
kein Ende des Mordens … weiter und weiter

um Patronen zu sparen … wird Kindern der Schädel eingeschlagen
Vergewaltigung … arabischer Frauen

bevor sie ihren letzten Augenblick wähnen
werden Menschen dazu gebracht … den eigenen Urin zu trinken
dass sie gerade überleben
mit … abstoßenden Killerspielen … werden sie getäuscht
widerwärtig … werden Menschen erniedrigt
in den letzten Minuten ihres Lebens
dann … werden sie zu Tode gebracht
Man lässt sie nicht gehen
Man sucht nach ihnen … überall
das Töten, das Töten, es
setzt sich so ungebrochen fort … ein tragisches Schauspiel
das ist ihr vergangenes Leben
für mehr als … ein Jahrhundert
wenn das erbärmliche Leben vorüber ist … bleibt nur Geschichte
wahnsinnige … Mörder … krank
Angeleitet … von den selbstsüchtigen Zionisten
uralte Abneigung … und heute die Zeitgenossen Imperialisten

mit diesen Zeilen rufe
ich… Farah Notash
mit … lauter Stimme nach Gerechtigkeit
in einem Allen zugänglichen … Weltgericht des Humanismus
nach Verurteilung und Zerschlagung der
korrumpierten … kranken … selbstsüchtigen Mörderschule der Zionisten
dem verfluchten Netzwerk der … US Imperialisten

Nicht nur wegen … des Mordens und Folterns
die meist ausgebeutete … unterdrückte Nation … in der Geschichte
die Palästinenser … im vergangenen Jahrhundert

ihr einziger Fehler … sie leben
in ihrer Heimat auf ihrem eigenen Land
sondern auch … für die Täuschung … die Entwurzelung
der Juden … aus ihren Heimatländern
für die Versklavung … der Kinder der jüdischen Arbeiterklasse
und ihre Verformung
von Menschen … zu Horrorgestalten und Monstern
wahnsinnige … Mordmaschinen

Ich bin ganz sicher,
sie litten … im Gehege ihrer Körper
eingegraben ins Gedächtnis
Bilder der letzten Minuten des Lebens
ausgehaucht … in ihren Händen
die letzten Blicke der Opfer … in ihren Augen
und die Schreie .. sie gehen zu lassen
die Röte … die Wärme ihres Blutes ... auf den Händen
niemals verlassen diese Bilder … ihr Inneres
niemals werden sie ihnen Frieden geben
sie werden sie durch ihre Lebenswege verfolgen
mit fürchterlicher Seelenkrankheit
diese versklavten ... armen Verrückten
wagten niemals
sich selbst im Spiegel … anzublicken
allein gelassen … in ihren Illusionen und Ängsten
Schmerz erleidend … was sie tun mussten
und was sie getan haben

denk nach … und schaue

in ihr Inneres
… ein Jahrhundert lang
eine gemischte Menschenmasse
die eines gemeinsam hat
dass sie sich an Blut gewöhnt hat

Für eine einzige kriminelle … Tat
gibt es angemessene Strafen
in jedem Land
aber … für nicht enden wollende Verbrechen in einem … keine!
ein Jahrhundert lang ... beliebiges Ermorden einer Nation
auf ihrem Land … in ihrer Heimat
und dann ... nenne dieses zerstörte blutige Land
das Heilige Land!

Die Erde bebt und erzittert
unter diesem enormen Meer…von Verbrechen

In den unterirdischen Gefängnissen
Hinrichtungen … ohne Ende
die Zahlen nehmen einen den Atem
schreckliche Folterungen
der Gebrauch … von neuesten Foltermethoden
Erfindungen der Imperialisten
um die Massen zu foltern
Tests ... und Resultate für die Folterinstrumente
damit der Widerstand der Massen gebrochen wird
Gefangene … nicht Aktivisten
gewöhnliche Menschen

am helllichten Tage in den Straßen verhaftet … eingesperrt
gefoltert und getötet
…ihr Fehler?
ihr Leben als Palästinenser

in ihren Häusern und auf ihrem Land
ermordet
aber … die Folterer und die Mörder
alle krank und von innen zerstört

Massaker … die enorme Zahl … in einem Jahrhundert…Gaza
die Massen der Welt hassen … die Zionisten
alle ihre Taten ... und ihr Gesicht ist ... das Gesicht des hässlichen Imperialisten

Blockade
uber zwei Jahre besteht sie nun
kein Licht … kein Trinkwasser … kein … kein … Nichts
im größten blutigsten Gefängnis der Welt
mit der längsten und höchsten Mauer
mit Löchern … die Check-points genannt werden
zur Arbeit zur Schule … durch die Gewehre der Check-points

Sich indifferent verhalten ... neutral.. lassen wir zu, dass all diese Ungerechtigkeit
in der Welt geschieht?

Was wir brauchen
den gemeinsamen Ausbruch aller roten Vulkane

alle auf einmal
damit der Nazi-Zionismus auf der Welt beendet wird
um die Massen zu einigen … gegen die Imperialisten

Wir leben immer noch … und starren
passiv … und unbeweglich
was sind wir?
menschliche Wesen?
einfältig … sehen wir zu und kein Wort des Innehaltens
keine Bewegung … die Hand dagegen zu erheben
schon mehr als ein Jahrhundert verging … es ist über hundert Jahre her
alle Lügen der Medien … von den Zionisten
alle die gedungenen Mörder … Imperialisten

Wer sind wir also?
lasst uns Halt sagen
dieses oberflächliche … falsche Leben
wir sind verantwortlich … auch für all das Töten
in dem wir unentschlossen sind … schweigend … neutral
gegen die dominierenden …
die Despoten … rassistische Zionisten

Achtenswerte Menschen, Bauern, Arbeiter … Handwerker … Ingenieure
werden zu Mittätern, Mördern … gebraucht
missbraucht … als Schilde … als Schutz
von den betrügerischen zionistischen Kolonialisten
hinter „einem Wort“
Semitismus
aber … die Zionisten sind keine Semiten

hellhäutig ... aus Europa stammend
gegen die Massen … gegen die Arbeiterklasse
die Araber und alle anderen Rassen
und sie sind die wahren … Antisemiten

Die schrecklichste Frau… in der Geschichte der Welt
ohne Maske … eine weibliche Zionistin
Golda Meir … Ha-ha-Land Außenministerin
kündigte es laut an
tötet sie alle
Araber sind schlimmer als Tiere
obwohl…
das Töten von Tieren … als Verbrechen betrachtet wird

Als der Imperialist Churchill
bemerkte, einen Staat auf zu bauen
wird einige Generationen dauern
da gab er den Hinweis … nehmt die Gelegenheiten
zwischendurch … Massaker an den Arabern und
langsam schreitet die Staatswerdung voran!

Ist es nicht genug … ein Jahrhundert?
dieses ganze Morden!
oder braucht ihr mehr Zeit … für weiteres Morden!?
lange Zeiträume
eine bekannte Ursache
für genetische Deformationen

Wenn Theodor Herzl sehen könnte

ein hasserfüllter … verachteter Staat
gegründet auf seinem … bruchstückhaftem Denken
eine Nation ein Jahrhundert lang … in Blut versunken
und auch
hervorgebracht … eine Nation die Mörder unterstützt
würde er 1896 die heutigen zionistischen Thesen verbrannt haben
und hätte man die Juden aufgefordert
Palästina sofort zu verlassen
und das Ha-Ha Land…Israel
völlig zu vergessen

wollen sie in Ha-Ha-Land leben
niemals … verlasst
dieses furchtbare … Nazi-zionistische Land
mit Scham … sie würden lieber tot sein wollen
um nicht … dieses habgierige Leuchten … die selbstsüchtigen
wahnsinnigen
und ihr nicht enden wollendes Blutvergießen zu sehen

Judaismus ist kein Volk. sondern eine Religion.
Marx: Religion ist Opium für die Massen

Hitler

Dedicated to youth and workers

No prophet ever came

without…the message of justice

then the question was…

who were the supporters?

oppressed working class

hoping for justice

rose up and said…I

then…

the earth was shaken

I never have believed that

the huge explosive roaring volcano

with waves of tremendous number of red flags

each sealed…

with a big black swastika in center

was Hitler

In a long duration …centuries

when British Empire

shadowed the globe

and later…parallel

with other industrial European states

chewed the throats of colonies

right to the neck bones…

the German factory owners… the Zionists

with late developed industry

more advanced…but no market

became …desperate…

aggressive and eager

but determined… to indemnify the delay

and chew the throats of colonies

the US -German Zionists… had only three goals

conquer world and markets

wipe out Soviet Union

push Jews out of Europe

occupy Palestine …

take all the refused ones

to the concentration camps

for all these… a proxy was needed

the man with stern mask on face

talented in speech

no doubt was Hitler

the US-German Zionists…

for reaching their goal…

and misusing working class

as their soldiers

prepared a new political name

and called it…

National Socialism!

and to give motivation

for kill killing…

racism toxin… added

the two combined conflicting parts…

in one…Nationalism…

the capitalist war monger

dominated anti-war socialism

that deceptive Class's mixture

that true imperialist trap

misusing working class…

for capitalist goals and greed
brain washed them

to believe…and to devote…

give all they had…

their lives

for the impossible…

for a mirage

brain washed workers…

as the racist soldiers

all were killed in wars

or… came back as half burned

injured…insane

or maniacs and hungry

in Hitler's last parade

untrained boys…

in men's large uniform and hats

age…ten…twelve …thirteen

who were sent… to front

hatred for one man… as Hitler

is only part of fact

and is interrupting

blocks visual horizon

to search shells and pearls

calm sea is needed

Hitler

an Austrian man

born in Bruneau April 20th 1889

with talent for art

but Gelegenheitsarbeiter "… casual worker

as warmonger …

Are we able to look at the mirror… as humans?

misused and killed by the owners

From the south

When… warm wind blows

from the south

and on its open wings

brings…

the sigh of Patrice Lumumba

I say to my self

where have they done it again?

when …the hourly news

reports the rise of mortality

due to an unknown Virus

in north … south and center

of Africa…

I ask myself …

why have they done it again?

when a tribe in Africa

totally disappears

as if … it never was there before

and blood of…

black men… women and children

becomes a short cure…

for the US Leukemia…

I ask myself

how could they ever do that…?

now… for their sick unlimited greed

they have started to take

nations as hostages…

in chains and enclosed Islamic bans

and hide... their Neo colonialist faces

under Islamists masks…

to reveals the facts

one has to pass…

valleys of blood!

the only irritating sound…

heard …out of the loud speakers

offending sound echoing …

repeating… and repeating…

getting in the nerves

bizzzzzzz like…

that is their new discovery…

easily fool and trap…

musical penetration!

then I keep wonder

for how long…

would they go on

with their parasitic colonialism...?

to make sure…their golden future!

mosques are not effective any more

so…they brainwash children

in schools

in kindergartens…in prams

and I say to myself

Not because I want to say it

performed by a nation

“the Revenge Dance”

against fanatic religious prohibitions

the dance …

which spread… from town to town

A borderless world

We are the soldiers of

a beautiful borderless world

and the wayfarers of victory

in 2003… when people of the world

were protesting against

the US attacking Iraq…

US President…Bush

didn't hear…the million cries

but …with a fake excuse…

attacked Iraq

after massacre of about four million

and multiple destruction

arranged chaos and misery…

which runs till today

the social progress

were reversed…

more than…two centuries back!

then… a constitution

was written and stamped

which was only good

for…the USA's…

further destructive plans

now the question is…

under which law

this constitution is legal?

the US is dividing lands

for easy domination

and wants the world

powerless…and surrender

just as…obedient servant

therefore…

defending borders in south

is not only defending lands and soil

but defending nation's honour

and… dignity

a fight… against its slavery

it is clear…

that the US Zionist

wants Öcalan's army

without Öcalan

the USA…

is not looking for Kurds' freedom

but…proxy

from southern countries

and is planting war seeds

for century-long wars

to serve…

the US weapon factories

when humans want the world

in peace and tranquillity

a world without nuclear

or nonnuclear weapons

but cannot have it…

as long as US imperialist warmonger

dominates the world…

with rely…

on its nuclear weapons

there can be no peace

peace and tranquillity

is only possible

when we hopefully trot

for its extinction

and avoid… fake theories

avoid any cure…

from hands …covered with blood

imagination of our unity

sends shivers

down the back bones

of imperialists

so… they update infiltration

weapons of disunity

and our awareness

against hypocrisy

is the supporter of

our unity?

Blackmailed President

To be president…in USA

in control of…the comity 300!

in fact…the only nation in the world

incapable of electing its President

is the nation…of the USA!

with four million votes ahead…!

but US collages…

elected … the overambitious Trump

as the person

for their colonialist wishes

to move the US Embassy

from Telavi to Jerusalem

towards…

eventual seizing… of the Jerusalem!

what no US presidents

ever dared… to accept

was this particular demand

of the commanders in

the comity 300…before!

the first step is … recognition

of Jerusalem as the capital

then… seizure of all Palestine

by ethnic cleansing

a dangerous step!

Which… all US Presidents… denied

the collages

due to plot… and promise

elected Trump…

for dropping the mega bomb!

breaking bans… of Jerusalem

then further steps

capturing…

the rest of the Palestine

in constant blackmailing

Jerusalem…

was taken instead of Telavi

as the location

for the US Embassy

the dreadful step…

for their malicious plan

nothing like rain

look innocent …

bravely was shared

sometimes a cry…

after machine gun

silence a moment

then …people's cry

cannon… bullet tank

not effective rank

in the streets

no one stepped on

the red carnations

everyone knew…

that was the symbol…

someone was shot there

people's sacrifice

unbelievable…

no matter their life…

their blood… their house…

and all their belongings

giving and giving

with no question

for each request

many volunteers

that was the highlight

of humanism

so glorious and magnificent

deep satisfaction

was washing away

rough egoism
